Be Light: Year of Belonging by Witness to Love is the first year of a five year movement to draw Catholic married couples closer together in Christ while being transformed into family missionary disciples.

**THEME DESCRIPTION:** Belonging to a faith community is a critical component of spiritual commitment. We are created to belong, and our greatest fear is that we will not belong. Belonging provides a sense of peace that leads to a deepening commitment to one another while lowering the anxiety and ambivalence many have about relationships.

## WHO IS THIS FOR?

Couples who are seeking to enrich their faith and their spousal relationship while connecting with other couples in their community!
